Bio information

Muzhgan Wafiq Alokzai holds a degree in Science Faculty from Kabul University. Muzhgan has a passion for empowering women and began working towards her goal in 2007 with a survey on low income women which resulted in the establishment of a women's only marketplace called Women of Women Business Market. She then founded Women of Women Sales and Services Association in order to provide women with sales training opportunities and teach them to expand and promote their businesses. After successfully establishing the women's market and service organizations, she was offered the position of business manager for USAID's Southwest Province office encouraging women to start small businesses, offering support, and technical advice. Muzhgan received her master's degree in 2010 in business administration, specializing in international business.

Business information

Since the development of her production and consultancy companies, Muzhgan has helped over 50 women draw up their business plans and has paid her PEACE THROUGH BUSINESS experience forward by sharing her experiences and training with them. She works directly with women business owners to promote the sustainability of their firms and is proud to have received a letter of appreciation from the Ministry of Women's Affairs of the Islamic Republic of Afghanistan in recognition of her contributions to the empowerment of women in Afghanistan.

Muzhgan is a 2008 PEACE THROUGH BUSINESS graduate.
